Yellow warning
Rain

Between
03:00 Tue 10 Sep 2024 and
20:00 Tue 10 Sep 2024

Heavy rain bringing flooding and transport disruption to some areas on Tuesday.

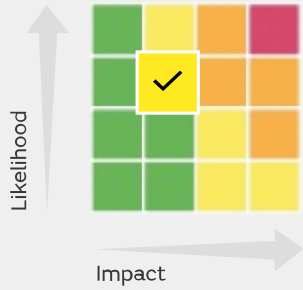
What to expect

- Spray and flooding on roads probably making journey times longer
- Flooding of a few homes and businesses is possible

Further details

An area of heavy rain will become slow-moving over the Northern Isles on Monday night and through Tuesday morning, before clearing from Orkney in the afternoon and eventually from Shetland during the evening. Totals of 20-40 mm seem likely to fall quite widely, mostly within a 6 to 12 hour period, with perhaps as much as 50-80 mm in a few locations on Shetland. Strong winds accompanying the rain may also add to the difficult travelling conditions.

What should I do?
Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.



Medium likelihood of low impacts
